

## LANYARD

### Black lanyard with breakaway metal lobster clip

These lanyards, with breakaway and metal lobster clip, can be attached to proximity cards which have a slot, or can be attached to our CARDHOLDER product. Ideal for reducing card loss, and providing a convenient method of keeping the card readily to hand and visible to security staff.

#### Features

- Deluxe black 10mm polyester lanyards with safety breakaway and metal lobster clip attachment
- Supplied in pack of 100
- Breakaway attachment allows for added safety by breaking loose when pulled or caught up in machinery
- Easily reconnected after breaking loose
- Ideal for displaying ID cards, visitor passes or attaching other items such as mobile phones, whistles, USB memory sticks, etc.
