

DAITEM-MHF01X

EXTERNAL SINGLE/DUAL DWELLING CALLER UNIT

An outdoor caller unit equipped with a badge reader and has an optional keypad. It is a transparent front face so it requires an additional armoured cover (with or without keypad depending on the model you have purchased).

FEATURES

The outdoor caller unit is fitted with two call buttons for visitors to announce their presence. The badge reader and two buttons on the panel are for the user to open a pedestrian or driveway gate.
