FAAC-108722

S800H ENC CBAC 180 DEGREE HYDRAULIC OPERATOR WITH LOCK

FAAC S800H is an automated system in a hydraulic enbloc (CLASS III), permitting vehicle access through swing leaf gates which, when installed invisibly in the ground, does not alter the appearance of the gate.

FEATURES

- Continuous use frequency
- Integrated absolute magnetic encoder with bus "2Easy" (non polarized two wire connection). FAAC PATENT
- Thanks to the integrated positive stops, there is no need to install opening and closing mechanical stops on the ground. FAAC PATENT
- Hybrid Technology FAAC PATENT
- Service release device
- Easier handling and installation thanks to the integrated handles. FAAC PATENT
