## **GA-LD100**

## 230V SINGLE CHANNEL LOOP DETECTOR

The LD100 is a single channel inductive loop detector. The use of microprocessor and surface mount technology enables a large number of functions to be incorporated into a small package. The LD100 is compatible with most single channel detectors on the market and is easy to set-up and install.

### FEATURES

• 230v single channel loop detector

### **TECHNICAL INFORMATION**

Typical applications in the parking and access control environments are safety loops, arming loops and entry or exit loops.
