

NICE-BM4024

24V UNDERGROUND MOTOR WITH MECHANICAL STOPS ON CLOSING

For use with swing gates with leaves of up to 4m. With encoder and mechanical limit switch.

FEATURES

The BM4024 is recommended for higher usage than the BM4000, and as a result is compatible with the Moonclever MC824H, which includes features such as BlueBUS Technology, Solemyo and Opera Systems

TECHNICAL INFORMATION

- Power supply: 24Vdc
- Absorption: 5A
- Power: 120W Speed: 1RPM
- Torque: 300Nm
- Work cycle: 60(cycles/hour)
- Protection level (IP): 67
- Working temp: -20°C ÷ +50°C
- Dimensions: 400 x 325 x 150mm
- Weight: 12.5kg
