BFT-DEIMOS-BT-A400

24VDC AUTOMATIC SLIDING GATE OPERATOR 400KG

Sliding gate hardware operator designed exclusively for use with residential automatic sliding gates. With a capacity capable of managing leaf loads of up to 600kg, it’s the perfect choice for small and large systems alike. The unit is also powered by a 24v motor which can reach a speed of 12m/minute whilst also limiting close impact with BFT’s innovative D-Track torque processing technology.

FEATURES

- The Deimos Ultra is one of BFT’s most popular sliding gate hardware operators
