

BFT-ARES-ULTRA-BT-A1000

24VDC SLIDING GATE MOTOR 1000KG 9M/MIN

24Vdc sliding gates operator for intensive use, up to 1500kg in weight. Leaf speed up to 9 m/min. Magnetic limit switch and control board with U-link protocol embedded.

FEATURES

- Magnetic limit switches: this type of limit switch ensures safe and precise installations in any ambient condition
- Control unit with programming display: the Merak control unit with programming display with pre-programmed scenarios helps the installer in the programming phase; the control unit is arranged in an oblique way, to facilitate reading and making the settings.
- Front screws: this arrangement of the casing screws offers ease and convenience during installation and maintenance, even when there is limited space.
- Release lever with personalised key: the release lever simplifies motor release and the personalized key ensures its uniqueness, for better safety
