BFT-ARES-VELOCE-BT-A500-KIT

24VDC AUTOMATIC SLIDING GATE OPERATOR KIT - UP TO 500KG

Holds two 24v automatic fast sliding gate operators, which are both available in kits. Suited to gates weighing up to 500kg with a leaf speed of 25m per minute. Equipped with D-Track torque management system and the control panel is U-Link compatible. It features a spring limit switch for greater reliability and longevity. Ideal for sites which require fast operating speeds, reduced waiting times and high levels of security.

FEATURES

- The Ares Veloce range holds two 24v automatic fast sliding gate operators, which are both available in kits
- Suited to gates weighing up to 500kg with a leaf speed of 25m per minute
- Equipped with D-Track torque management system and the control panel is U-Link compatible
- It features a spring limit switch for greater reliability and longevity
- Ideal for sites which require fast operating speeds, reduced waiting times and high levels of security
