GA-REMOOTIO3

PROFIX REMOOTIO 3 SMART GATE OPENER

FEATURES

Remootio 3 has two output relays which makes it compatible with gate/garage door openers that have separate trigger inputs for opening. This device also has two accessory input terminals.
PlMeet Remoot
The first end-to-end encrypted Wi-Fi and Bluetooth enabled smart remote controller, that lets you control and monitor your gates and garage doors using your smartphone.

This package includes:

- Remootio 3 device (Bluetooth and Wi-Fi enabled device for controlling and monitoring gates and garage doors via smartphone, Alexa and Google Home)
- Sensor (for detecting if your gate is open or closed)
- Power cable for the 5V power adapter
- Double-sided tape
- Cable for connecting Remootio to your gate or garage door
- Installation manual

Features:

- Remootio 3 has two output relays which makes it compatible with gate/garage door openers that have separate trigger inputs for opening and closing
- Remootio 3 works with a 5V power supply (standard USB charger)
- Remootio 3 also works from 5-32V DC, 12-24V AC voltages, so it can be powered from the control board of most gate openers making installation very easy
- Remootio 3 has two accessory input terminals
