BFT-MITTO-COOL-2

BFT MITTO COOL 2 BUTTON TRANSMITTER (NEW VERSION)

FEATURES

- Incorporates the replay function: this function is available on all models and series, so there are fewer codes to manage; you can clone a BFT Mitto Cool remote control simply and quickly. You can even do so remotely from your office.
- Mitto Cool Remote controls can be programmed using an app: insert a remote control into the BFT receiver and the task is now quick and easy: you can insert and also program the remote control without being near to the receiver. A solution which saves you time.
- Mitto Cool Radio transmission with encryption technology: with the new radio protocol, data is transmitted using a rolling code system and, in addition, this code is masked first with a sophisticated encryption key for the Mitto Cool

Replaces old style oval MITTO & MITTO 2 remotes.
