BFT-IGEA

230V ELECTROMECH ARTICULATED ARM MOTOR FOR GATES UP TO 2.5M

Igea is a 230v electromechanical operator with an articulated arm, designed for residential use. It is suitable for swing gate leafs of up to 2.5 metres and weighing up to a maximum of 250kg. They are ideal for installation on large-size pillars as the articulated levers allow opening up to 125°.

FEATURES

- For swing gate leaves of up to 2.5 metres and 250kg
- Ideal for installation on large-size pillars thanks to its articulated levers that allow opening up to 125°
- Aluminium structure with high-resistance paint treatment
- Built-in, adjustable, single-cable electro mechanical limit switch system
- Control unit with programming display
- Automatic setting menu
- Simplified programming and virtual encoder
- EE Link
- ER Ready
